RESPONSE TO INTERVIEW SUMMARY

Attorney for Applicants thanks the Examiner for the Telephonic Interview conducted on 3/18/2010.

At no point in time did Attorney for Applicants agree that Tremblay, or other references, teach the recited subject matter. Attorney for Applicants did express a willingness to amend the claims to expedite prosecution, but not to overcome the cited references since the Attorney for Applicants' current position remains that the currently pending claims do not need amendment to overcome the cited references.

Attorney for Applicants was more than surprised to read the Examiner's interpretation of the interview and the subsequently received advisory action. Attorney for Applicants understood the Examiner and his supervisor to agree with the arguments presented by the Attorney for Applicants. Attorney for Applicants has filed a notice of appeal and scheduled another interview with the Examiner.

Respectfully submitted,

Date: 4/27/2010
